

AHSQC Quality Improvement Summit Program

Thursday, December 12, 2019

1:00- 1:30pm	<u>Attendee Arrival and Networking Lunch</u>	
1:00- 1:30pm	<u>Welcome, Introduction & Objectives:</u> <i>Michael Rosen, MD, AHSQC Medical Director; Benjamin Poulouse, MD, AHSQC Director for Quality and Outcomes</i> <ul style="list-style-type: none"> • Year in Review - What's new in our Quality Collaborative? • Abdominal Core Health, what does it mean for patients and how is it our future? 	
1:30-3:15pm	<u>Session 1: Enhancing the Patient Experience – Analyses of AHSQC Real World Data Yield Opportunities to Impact Patient Outcomes</u>	
1:30-1:45pm	Umbilical Hernia Repair in Women of Childbearing Age, What Should We Be Doing? An AHSQC Consensus	<i>Aldo Fafaj, MD</i>
1:50-2:05pm	Comparison of 30-Day Outcomes in Open Versus Hybrid Robotic Transversus Abdominis Release	<i>Randy Janczyk, MD</i>
2:10-2:25pm	Association of Smoking When Combined with Other Risk Factors on The Incidence of Recurrent Incisional Hernias and Postoperative Surgical Site Infection	<i>Robert Fitzgibbons, MD</i>
2:30-2:45pm	Outcomes of Patients Undergoing Ventral/Incisional Hernia Repair with Removal of Chronically Infected Mesh	<i>Francesco Palazzo, MD</i>
2:50-3:05pm	Outcomes of Ventral Hernia Repair with Concomitant Cholecystectomy	TBD
3:10-3:25pm	Results from Complex Abdominal Wall Reconstruction and Ventral Hernia Repair at a Non-academic Institution can favorably compare to major academic centers	<i>Christopher Schneider, MD</i>
3:30-3:45pm	Impact of Glycosylated Hemoglobin Level on Surgical Site Occurrences and Infections After Ventral Hernia Repair	<i>Jeremy Warren, MD</i>
3:50-4:15pm	<u>Break</u>	
4:15-5:15pm	<u>Session 2: Opioid Reduction Strategies: How can we use the AHSQC to Help Hernia Surgeons Impact the Opioid Epidemic?</u> <i>Michael Reinhorn, MD, Chair AHSQC Opioid Reduction Task Force</i>	
4:15-4:30pm	Review of a Standard Protocol and the Impact at a Single Institution	<i>Jeremy Warren, MD</i>
4:30-4:45pm	What Does the Data Show Us in The AHSQC?	<i>Clayton Petro, MD</i>
4:45-5:00pm	Building a Consensus on Opioid Prescriptions	<i>Anthony Iacco, MD</i>
5:00-5:15pm	<i>Panel Discussion</i>	
5:15-5:30pm	<u>Break</u>	

5:30-7:00pm	Session 3: Break Outs: Hot Topics in Hernia Surgery – Assessing Our Options <i>Ajita Prabhu, MD</i>	
5:30-6:30pm	<u>Break Out 1</u> : Enhanced Recovery Protocols (ERAS) – Are we doing what we should be doing?	
5:30-6:30pm	<u>Break Out 2</u> : Robotics in Hernia Surgery - The future or over hyped?	
5:30-6:30pm	<u>Break Out 3</u> : Hernia Mesh- One size does not fit all! What’s the best option for our patients? What do we need to know when choosing materials?	
6:30-7:00pm	Break Out Reports to the Group	
5:30-7:00pm	Session 4: Video-based Collaborative Learning; Surgical Coaching to Improve Ventral Hernia Repair <i>Jake Greenberg, MD</i>	
7:00pm	<u>Attendee Networking Dinner</u>	
<u>Friday, December 13, 2019</u>		
7:15-8:00am	<u>Breakfast</u>	
8:00-8:15am	<u>Thursday Recap and Friday Objectives</u>	<i>Michael Rosen, MD</i>
8:15-10:15 am	<u>Session 4 (Continued): Video based collaborative learning: Surgical Coaching to Improve Ventral Hernia Repair</u> <i>Jake Greenberg, MD</i>	
10:15-10:30 am	<u>Break</u>	
10:30-12:30am	<u>Session 5: Enhancing Surgical Outcomes in Umbilical Hernia Repair: Collaborative Learning from AHSQC High Performers</u>	TBD
10:30-10:50am	Umbilical Hernia Repair: What Does the Data Suggest?	<i>David Krpata, MD</i>
10:50-11:10am	Open Mesh Based Repair Videos – How I do It Our Real World Experience - AHSQC Outcomes	<i>Guy Voeller, MD</i>
11:10-11:30am	Laparoscopic Intraperitoneal Onlay Mesh (IPOM) Repairs Videos – How I do It Our Real World Experience - AHSQC Outcomes	TBD
11:30-11:50am	Robotic IPOM Repairs Videos – How I do It Our Real World Experience - AHSQC Outcomes	TBD

11:50-12:10 pm	Robotic TransAbdominal Pre-Peritoneal (TAPP) Videos – How I do It Our Real World Experience - AHSQC Outcomes	TBD
12:10-12:30pm	Extraperitoneal (etep) repairs Videos-How I do it Our Real-world experience with AHSQC Outcomes	
12:30-1:00pm	<u>Session 6: Panel Discussion & Generation of 2019 AHSQC Consensus Statements on Umbilical Hernia Patient Management</u>	TBD
1:00pm	<u>Adjourn</u>
